

Outlook University Independent School Network

High School of Engineering College Preparatory

Principal / Project-Manager

This school will focus on the development of engineers for all aspects of the profession. This position requires a strong math background and experience in the field of engineering. This individual must have the ability to facilitate a hands-on learning environment that aligns engineering concepts with core high school curriculum.

The requirements for this position consist of the following:

- **Continuous alignment of current engineering trends to core academic courses**
- **Facilitation of the Project-Based learning environment using the M.A.K.E. Learning System**
- **Record keeping and adherence to the Wisconsin State and Outlook University Independent School Network processes and procedures**
- **Collaboration regarding the early college model of education with parents, students, community agents, and post-secondary partners**
- **Completion of projects and tasks as assigned by the OUISN Dean**

To qualify for this position the candidate must have a Master's degree in administrative leadership, or a bachelor's degree in engineering. Prior teaching experience is preferred but is not an element of disqualification.

This position is a year-round commitment.

To apply: forward resume, post-secondary transcripts, and letter of intent to jobs@ouisn.org.

Scheduling for interviews regarding this position will begin May 2nd, 2009. This position will remain open until filled.
