February 12, 2020

Dear Outlook University Partner,

Congratulations! In response to your submission to the Nevada RFQ Expansion of Evidence Based Interventions List, we are happy to inform you that your application for the **OUISN Leader Training** model was found to have evidence in meeting the Every Student Succeeds Act (ESSA) tier of evidence level 4. In addition, this resource was also found to meet current subcategory intervention needs in Nevada which include: *Equity, Family Engagement, Homeless and/or Foster Care Youth, Mentoring, Neglected and/or Delinquent Youth, Needs Assessment, Progress Monitoring, School Improvement, School Safety and Climate, Social Emotional Learning.*

In accordance with this determination, your organization will be added to Nevada's Expanded Evidence Based Interventions for School Transformation List as a "New" partner for both *School Leadership Development & Capacity Building along with Data-Driven Decision Making and Using Data to Inform Instruction*. Detailed information pertaining to **OUISN Leader Training's** evaluation, conducted by a team of researchers and evaluators at the University of Nevada Las Vegas, can be found [here](#) and provides an explanation of your application results.

District and school leaders will be provided with a complete list of eligible organizations to serve as a resource or tool to aid them in matching their needs and it will also be posted on the Nevada Department of Education's [official site](#). This list is not intended to be comprehensive or exhaustive nor is it a priority list. School and district leaders may coordinate with your organization directly to contract services should your resource(s) align with their unique needs. The Nevada Department of Education may play a role in facilitating communications with districts or schools and your organization to ensure coherence and alignment with district and school plans. However, the Department will not be a party in the contract.

Thank you for taking the time partner with us to help us achieve our greatest aspirations: excellence and equity for all students in the Nevada education system. You may contact me directly at 702-486-6434 or via email at twinquist@doe.nv.gov if you have any questions.

Congratulations again!

Tina Winquist, Ed.D.
